

WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1909.

MAYSVILLE, KY., TUESDAY, SEPTEMBER 3, 1912.

ONE COPY—ONE CENT.

YACHTING.
Give me a taste of the ocean green
And a whiff of the nor'west wind,
And a lift and a dip and a low career
And the growl of the wake behind.
—Baltimore Sun.

Give me the yowl of an awful gale
And the crash of a falling spar,
But let it be when I've paid my kale
Where the moving pictures are.
—Denver Republican.

Give me the hiss of the whirling foam
Where the billows of amber are,
For a yachting never cares to roam
From the side of the clubhouse bar.
—Milwaukee Sentinel.

Give me a snail of the brine, old sport,
From our snug veranda place,
And put the splinker hard-a-port
While we sip the old main brace.
—Springfield Union.

Give me the snarl of the wind-whipped brats
As the breaking billows yep.
I wonder if I should wear my spats
With my brand-new yachting cap.
—Cincinnati Enquirer.

Mr. Philip Kratzer of Cincinnati is visiting friends in this city and Vanceburg.

LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady output of coal during the last few years has made the dealers push for wider markets. We are going to get more trade—your trade—by giving you a greater value for your money. You will never get out of debt unless you buy wisely.

Mr. Joseph Gleason, formerly of this city, died of appendicitis in a Cincinnati hospital Sunday night. The remains will arrive here this afternoon for burial.

CAPTAIN JOHN S. JONES

Old Time Ohio River Steamboatman
Dies at Daughter's Home in
Avondale

Captain John S. Jones, a native of Maysville and a frequent visitor at the home of Mr. and Mrs. B. W. Goodman of this city, passed away yesterday morning in Avondale, Cincinnati, at the home of his daughter, Mrs. Upton, at the ripe age of 77 years. One year ago last week Captain Jones visited Maysville.

He spent the most of his life steamboating on the Ohio and Mississippi rivers and was commander on the "Thompson Dean" and other large steamers and later the E. A. Woodruff, the Government steamer.

His remains will be brought here this afternoon on the C. and O.'s 1:36 train and will be taken direct to the Maysville Cemetery for burial. There will be brief services at the grave, the Episcopal ritual being read and a prayer offered.

INFANTILE PARALYSIS

Scare Over Malady Causes
Boards of Health and Education to Close School
Two Weeks

The infantile paralysis scare, so-called, has struck Maysville and there are many people greatly alarmed over the fact that thirteen-months-old Arlie Ginn is ill with the disease. The child is said to be growing worse, hence the Mason County Board of Health and City Board of Education held a meeting yesterday afternoon and decided to postpone the opening of the Public Schools from September 3d, today, until Monday, September 16th. This order applies also to St. Patrick's Parochial Schools, the Oklahoma county school and the colored schools of Maysville. All public gatherings of children will probably be stopped until the scare wears off.

Following is the order adopted by the two Boards mentioned:

"Monday afternoon the Board of Education met with the City Board of Health, City Physician, County Board of Health and nearly all the City Physicians to consider the question of opening the schools on the 3d, as announced. This action was taken because of a case of infantile paralysis in the Sixth Ward, which is pronounced a very contagious and fatal disease, and from the fact that many children have been exposed to this case, it was the recommendation of all the physicians that not only should the schools be closed for a period of two weeks, but that all other public places of amusement be closed for the same period as a precautionary measure against this dreadful disease.

"The patrons of the schools will please take notice and surely will do all in their power to see that this disease does not spread.

J. W. BRADNER,
Superintendent of Schools."

It is understood that this order also applies to the Sunday-schools of Maysville and all places of amusement.

Mr. R. G. Knox has been quite ill for several days and not able to attend to much business for the past two days.

There will be a special meeting of the Woman's Club this afternoon at 3 o'clock at Miss Yancy's office. All members will please be present. If any person has not paid their dues, or wish to become a member they will please communicate with Miss Lottie Barry, as the Program Committee will issue the year's program, within the next few weeks.

Notice to City Physicians

Contagious Diseases

All Maysville physicians are earnestly requested to be prompt in reporting all cases of contagious diseases to the Board of Health,

J. B. RUSSELL,

President Maysville Board of Health.

DINGER & FREUND

LEADING RETAILERS,
MARKET STREET.

Yesterday was a lively day in Maysville, County Court Day and Labor Day causing hundreds of men to "come on in, the water's fine." Business was good among all the merchants.

The Ladies Aid Society of the Third Street M. E. Church will meet Wednesday afternoon at 2:30 o'clock at the Church. The annual election of officers will take place. All members are urged to be present.

New School Law Enforced

A special from Cadiz to the Courier-Journal says: "Fines and costs have been assessed against several citizens of Trigg county recently for failing to send their children to school as required by the new school law. These are the first convictions in this county under the new law."

Hon. W. H. Cox is in Louisville on business.

Talcum Powders!

Here are a few of our most popular brands:
10c—Freeman's, Woodside Violet and Valley Violet.
15c—Colgate's, Williams', Graves', Wilbert's Carnation, Lotus', Meadow Violet, Cashmere Bouquet and Colgate's Dactylis.
20c—Wilbert's Violet, large.
25c—Wilbert's Violet in pound cans, Rivera's, Johnson & Johnson's Nursery Violet, extra large; Palmer's, Colgate's, Monad Violet, Hobson's Anti-Skeeter and Wilbert's Queen Quality.

M. F. WILLIAMS & CO. "Big Drugstore With the Little Price."

D. HECHINGER & CO.

YOU WILL SOON BE LOOKING FOR YOUR

BOY'S SCHOOL SUIT

To practice true economy buy the best. We have made special provision in Boys' School Suits. We bought in quantities that enable us to sell \$4 qualities for \$3, \$5 qualities for \$3.75 and \$6 qualities for \$4.75. These suits are absolutely pure wool, the newest colorings and excellently made and trimmed.

Our Trunk and Bag line is at its best. If in quest of either, see our stock.

During the past week we closed out the remaining stock of a Kahki Pants manufacturer. They were made to sell at \$1 and \$1.25. We put them on sale Wednesday at 70c a pair. All sizes.

For the next ten days ONE-THIRD OFF the regular price on the remaining stock of our LIGHT and MEDIUM WEIGHT SUITS. Blacks and blues excepted.

D. HECHINGER & CO. Maysville's Leading Clothing and Shoe Shop.

Mr. and Mrs. Robert Wise of Newport are visiting Mrs. James Cullen of West Second street.

The Woman's Club will give a reception in honor of Mrs. Thomas Jefferson Smith, State Federation President, Friday, September 13th.

Two dimples in a girl's cheek are twice as sweet as one in her chin.

Chicago's population is 2,323,400 according to figures made public by the Chicago Directory Company. This is an increase over last year of 62,216.

A man yesterday inquired of another why the schools were closed, and the latter said that it was on account of "mercantile paralysis." Of course, he meant infantile paralysis. Mercantile paralysis only occurs under a Democratic President.

Corset Covers

At Half Price and Less.

The lowering of prices is caused by the fact that the corset covers have been soiled by handling—to the extent that we would not call them perfectly fresh. Their quality, their value to you is not changed—only they must make just one more trip to the laundry than the other corset covers in stock which are specklessly white and bear regular prices. But laundering costs nothing in comparison to what you save.

Lower Prices on

LACE VEILS

The pretty white lace veils so popular for sailor hats present the lure of very low prices. These attractive veils are a welcome addition to a hat when the sun has wrought havoc with ribbons and flowers.

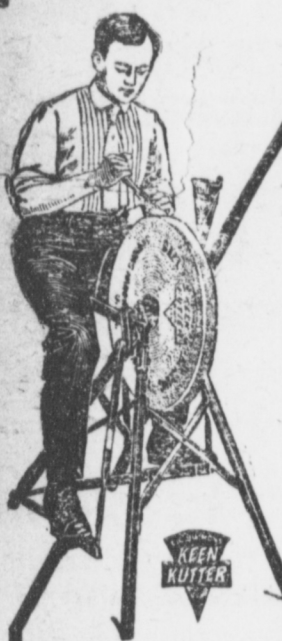

Former Price 75c \$1 \$1.25 \$1.75
Reduced Price 50c 69c 75c \$1

BARGAIN NECKWEAR

Several kinds but not many of a sort. Both collars and jabots. White and colors. Some washable jabots at less than half price because their freshness has been sacrificed to use in display. Remarkable values for 10c, 15c and 25c. A handsome new line of collar and cuff sets at 25c and 50c.

WANTED MACHINE HAND!

OHIO RIVER LUMBER CO.,
UNION STREET, NEAR SECOND.

When Your Tools Need Grinding

It is but the work of a minute to sharpen a chisel, a plane, a knife or any edged tool on a Keen Kutter Grindstone. Made of very carefully selected Berea grit—mounted on an extra braced tubular frame that never sways or "wabbles." Ball bearings and double tread make it run as easy as a bicycle. With this grindstone and an outfit of

**KEEN
KUTTER**

Tools and Cutlery

you are always ready for the finest or heaviest work. Keen Kutter Tools are tempered for lasting edges and once sharpened stay sharp indefinitely. For the home they are ideal, doing better work with less attention than the ordinary nameless kinds.

ALSO, A
A LOT of FINE **BUGGIES**

Mike Brown,

The Square Deal Man.

BETTER GO SLOW

There is Probably No Just Cause
Why Maysvillians Should
Get Excited

Isn't humanity a funny proposition? Here in Maysville we have every day and every week, things ten times worse than this so-called case of "infantile paralysis," yet we go on, and on, and pay no attention to them. It may be well enough to close the schools and keep the younger children at home for a week or two until this scare passes over, but to make any sweeping order to close up the theaters, and other places of public business and gatherings, is we think, just a little too much.

Be calm and be reasonable. Keep your children at home and keep them clean and well-fed, and there'll be no epidemic. In these up-to-date times one never hears of or fears an epidemic, except the epidemic of tomfoolery and inhumanity.

President J. B. Russell of the City Board of

Health says the Ginn home is strictly quarantined and that all health orders and rules are being enforced. Dr. Yazell informs THE LEDGER that little Arlie Ginn undoubtedly has a case of infantile paralysis and that it is well to take every precaution to prevent the disease from spreading, at least during its acute stage.

Dr. Brand has medical charge of the case. The child does not improve and it is said that it is only paralyzed on one side of its body. It is no trouble to nurse and apparently is not suffering much pain.

However, little Arlie is causing Maysville to shiver like a quaking coward and one would judge that the plague is going to get us all before night.

Mr. S. Straus writes THE PUBLIC LEDGER from Potosky, Mich., as follows from the New Arlington Hotel: "Am all right." That sounds good to us.

Colonel John T. Parker, the liveryman, is said to be an expert at the gentle art of rigging cases. At the Germantown Fair Mr. Parker, so it is reported, "rang" seven cases, a record that has never been equalled.

Chocolate Covered Mint Patties!

These are hand-made candies and are as good as can be. Neatly packed in attractive paper cartons. Only 10 Cents. Try a package.

W. H. Taft. J. S. Sherman.

REPUBLICAN TICKET.

FOR PRESIDENT, WILLIAM HOWARD TAFT.

FOR VICE PRESIDENT, JAMES S. SHERMAN.

There was not much legislation. There was a Republican President, three parties in the Senate, and a Democratic House.—Philadelphia Record.

LET WELL ENOUGH ALONE.

Dun's Review of last week's business says: "With crop prospects increasingly brilliant, with the principal industries working to full normal capacity, with trade distribution continuously expanding and with business sentiment becoming daily more and more confident and buoyant, the whole situation, both in fundamental conditions and in volume of transactions, is better than it has been for years."

And this is a campaign year. Where is the virtue in demanding a change in conditions?

Imports of foreign goods into the United States for August, 1912, amounted to \$148,593,903, which is \$31,000,000 larger than the imports of August, 1910, when some alarm was expressed that we were destroying the balance of trade. These goods came in under the Payne-Aldrich law which had been represented as erecting a tariff wall about the country that prohibited the people from taking advantage of the markets of the world. We never have bought more abroad than we are buying now. Why?

American representatives of Lloyd's are busy writing insurance for manufacturing interests throughout the country that are desirous of protecting themselves, they state, against the election of Governor Wilson as President next November.

There is a great demand for labor all over the West. The railroads find it difficult to get enough men. At Columbus the Pennsylvania railway is employing every available man who applies. Some factories are working overtime and a few have been obliged to shut down because of the scarcity of labor.

Pittsburgh dispatches say the steel mills are all in full blast with orders for months ahead. Heavy buying and heavier inquiry for forward delivery has been the iron and steel industry's record for the week. Important building contracts throughout the West are held up because of delayed shipments of steel. A heavy producer of crude steel refused to commit himself to deliveries of sheet bars in November.

European investors are buying American stocks, particularly the low-priced railroad securities, which are being benefitted by the great industrial prosperity throughout the country. The splendid crops in the West and the west presage a continuation of the prosperity.

MUST WORK TOGETHER.

If you saw a man throwing sand at your plate glass window, it would not worry you very much, would it?

But if you saw him massing the particles of sand into an adhesive ball with the aid of a little lime and water, you would know that the sand, thus cemented together, would go through that window when it was hit.

And you would immediately begin to figure on your insurance.

If all the men in this country were to start out, each on his own responsibility to conquer another nation, that nation would not have much to fear, would it?

But if these same men went out together under efficient leadership, they would be practically irresistible.

So it is with the community.

A single individual, however earnest and ambitious in his desires to advance the welfare of his community can do little more than agitate.

An entire community of individuals prompted by the same desire, but acting each on his own initiative, and without regard to what the others were doing, will accomplish little more.

But actuated by the same desire and working collectively for the same purpose, ah, that is another story.

Our town is entitled to the confidence, loyalty and hearty support of everybody in the community.—Exchange.

PRESIDENT TAFT'S GOOD RECORD.

If President Taft and his party are displaced in November it will be with a record of unexampled good times and broad national development. Some things accomplished were not included in party pledge, because they were not foreseen as issues of the near future. Among the events not looked for was a war with Spain. It was ably carried through. The building of the Panama Canal was outside the range of definite calculation in 1896. It is nearing completion and half of its cost so far has been met from current treasury funds. Outlying possessions, suddenly acquired, have been put in good working order. The difficult secondary war in the Philippines was well managed. Among the definite promises of 1896 redeemed was the gold standard and a restored protective policy. Agriculture and mining have similarly advanced. A surplus in the treasury is maintained. These are but a few of the big items of Republican achievements since 1896. Is it the part of wisdom to punish such a party? Why not thank good fortune for the privilege of keeping it in power?—Bluefield Telegraph.

SYSTEMATIZE YOUR LIFE.

Organize your twenty-four hour day on an efficiency basis. Systemize the essentials of your life and remember that recreation is just as essential as work; that every exhalation of spiritual energy restores the vital energies of the body. Systematize your time and work with a view of finding yourself every morning a little stronger and brighter than you were the morning before. Work and play for power, spiritual, mental and physical. Not merely for the sake of turning off work.

Invest your energies, mental and physical instead of merely spending them.

And see that in all your work you recognize the economic principle, that your best good comes through the other fellow's best good. Money is not the end of business. Work accomplished is not the end of existence, nor of business.

All of life is for individual work accomplished.

Money is a measure of power and usefulness and comes with interest to the man who makes himself more and more radiantly useful to the human being with whom he comes in contact.

The Keystone Concrete Construction Co.

S. B. CHUNN, Manager.

IN THE LIMELIGHT

SENATOR STEPHENSON, WHO DEFIES AGE

Senator Isaac Stephenson of Wisconsin, the oldest member of either branch of congress, is standing the scorching hot weather of the national capital better than any of his colleagues. In Wisconsin Mr. Stephenson is known as "Uncle Ike," but among his senate associates he is familiarly hailed as "Dr. Ike."

Although Mr. Stephenson makes no pretensions to a knowledge of medicine as laid down in the books, and frequently admits that he is not abreast of the modern medical science, he has had a practical experience which he thinks fits him to give advice to the ailing. As far back as the early fifties, Mr. Stephenson was healing the sick. He was then in charge of various lumber camps in the Lake Superior region of northern Wisconsin.

"For fifteen years," said Mr. Stephenson, "we were without a doctor, lawyer, or preacher. We did not need a doctor, for I looked after the sick, and as for a lawyer we got along pretty well, because we fought out with our fists the troubles that arose among us. We had some pretty rough and hard men in the camps, and maybe we did suffer for want of a preacher. In the logging season we had hundreds of men, and my principal job was to keep our crews in good shape. The saw and the axe make trouble in the woods, not only for trees, but for men, and I have been called on to bind and sew hundreds of wounds."

Mr. Stephenson says that a long life and a simple life go hand in hand. "As a young man, I traveled across the snow twenty odd miles a day," he said. "I swung a five-pound axe from dawn till dark. I slept in a blanket in the snow, ate crackers and pork and drank snow water, and was as healthy as a bear."

CASTRO MAY DESCEND UPON VENEZUELA

Information received in this country by adherents of Cipriano Castro, deposed president of Venezuela, not only indicate that he is in the Canary Islands, but that he is completing arrangements for another descent upon Venezuela. That this project may prove successful this time, because of the open hostility to President Gomez, now dangerously approaching revolution, is considered to be almost certain by Venezuelans who have made New York city their headquarters for several months.

It was not generally known that Castro had left Germany, where, five weeks ago, he submitted to an operation. He spent several days in Berlin while recuperating and then disappeared. Despite the efforts of agents of President Gomez to locate the irrepressible agitator, his whereabouts were not discovered until a few days ago, when his supporters in New York, all of whom have been exiled by President Gomez, received letters from the erstwhile president revealing his purpose to return to South America incognito at the earliest opportunity.

According to Antonio Jose Sanchez, for many years the private secretary of Castro, and who lives in New York, Gen. A. Pimentel, who was minister of finance under President Gomez, is en route to that city to join the Venezuelan junta now operating there, not so much in the interest of Castro, but to overthrow President Gomez, who, it is now declared, has developed into a far more dangerous dictator than Castro was accused of being.

POPE PIUS X NINE YEARS A RULER

Shattering the widely accepted belief, in which he himself shared, that he would not live to celebrate nine anniversaries of his elevation to the Vatican throne, Pope Pius X completed the other day the ninth year of his pontificate.

The odd superstition that he would die before was based on the manner in which his holiness' entire life has been divided into nine-year periods. As plain Giuseppe Sarto he was ordained a priest in 1858 and served as a curate for nine years. Then followed his promotion to the post of parish priest, at Salzano, where he remained for nine years more. Next came nine years as chancellor of his diocese, nine as Bishop of Mantua and nine as cardinal and patriarch of Venice.

So firmly was he convinced that this division of his life would continue to the end that he frequently expressed to friends the certainty he felt that nine years would terminate his pontificate, a termination possible only with his death.

The pope was deluged with telegrams congratulating him on having survived the supposedly fatal period. In honor of his anniversary he also received a large number of cardinals, Vatican officials and personal friends.

YOSHIHITO, NEW JAPANESE EMPEROR

The new emperor of Japan, the Mikado Yoshihito, faces a gigantic task as he steps into the place made vacant by his remarkable father, the Emperor Mutsuhito, who died recently after a prolonged illness.

Yoshihito is the third son of the deceased ruler and was proclaimed crown prince in 1888. He is a man of strong character and enviable attainments in war and statecraft. He is an officer in the army and in the navy and has seen severe service in both branches. He was married in 1900 and has three children. With all the advantages of a modern education and in full accord with the advanced ideas of the late emperor, he should prove a worthy successor to his father, who, though an oriental, was one of the truly great men of the age. He is the one hundred and twenty-second ruler of Japan in his line, which, according to Japanese legend, is descended from the gods.

The belief in the divine right of kings, which so long was used as an excuse for the tyranny of the rulers of Europe, is still prevalent in Japan. There the person of the mikado is held sacred.

AGAIN SATURDAY We Will Offer Some Startling BARGAINS

Every one should be on hand to take advantage of these low prices. Goods at less than wholesale cost. Following are some of

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running, sore throat, and when it is inflamed the hearing is lost. It is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

One reason why a girl is so much smarter than her sweetheart is because she can wrap him around her little finger while he is holding her hand.

Roosevelt Accepts Bad Money

Documentary evidence that the Steel Trust contributed \$100,000 to the Republican National Committee in 1904, when the third-term candidate was the nominee, is presented in the handbook of the Democratic National Committee.

OLD TYPO

Is Uncle Jimmy Dudley, Ex-Maysville Man and Schoolmate of Grant

American Bulletin.

One of the pioneer printers of the United States is still living and enjoying the best of health at Texarkana, Ark., in the person of James L. Dudley, familiarly known as "Uncle Jimmie," who recently celebrated his eighty-ninth birthday. He learned the trade when a boy and only relinquished the rule and stick a few years ago on account of failing sight.

He was born in Carlisle, Ky., April 15th, 1823, and resided in that state until 1884 when he came to Texarkana. In 1835-36 he attended school at Maysville, Ky., one of his classmates being Ulysses S. Grant.

He learned the printing business at Maysville, Ky., serving under Judge Lewis Collins, editor and owner of The Maysville Eagle. He was acquainted with John Quincy Adams, William Henry Harrison, General Winfield Scott, John C. Calhoun and other notables of his day. Mr. Dudley never married.

FINE STOCK

Mason County the Home of Thoroughbred Horses, Sheep and Cattle

The Lexington Herald's Maysville correspondent in writing of the Germantown Fair had the following to say about two of Mason county's most successful fine stock breeders:

The principal winner among the sheep exhibitors was Mr. Alex Casey of Caseyland Stock Farm, of Maysville. His flock of Southdowns, through the use of the best imported and international prize winner blood, has been developed into a rare degree of excellency. His aim has been the production of the low down mutton type of sheep, early maturing, but still retaining the vigor and prolificacy of their more rangy ancestry. How well Mr. Casey has succeeded in the fixation of this ideal type is attested by his winnings wherever he has shown, at the Blue Grass and Kentucky State Fair, Ohio and Tennessee State Fairs and the local shows of Northeastern Kentucky.

In the catflesh show Stanley F. Reed of Mason county, won the sweepstakes with his Short-horn herd. His good cow, My Queen, a Croickshank Moss Rose of unusual scale and style, won handsily in her class and later in the cow sweepstakes repeated her victory in a ring containing some twelve entries. This herd has been established with the best individuality obtainable as a foundation. Judging from the interest manifested in the revival of cattle breeding operations, it is not too soon and the farmers of this section are for unate to have such a herd to draw from for their stock animals.

The greatest interest centered in the \$150 suckling mule sweepstakes, which was taken after a close contest by George Best of Bracken county.

It is now reported that there are two more cases of infantile paralysis in this city.

We suppose Roosevelt adopted the red bandana as his battle flag so as to catch the hay fever vote.

Of course from her standpoint it may be all right for a woman to marry a man to reform him, but where does he come in?

Cecil Talbot Clifton, who becomes a British Baron by the death of his brother, Baron Grey De Ruthyn, lives on a ranch in Montana.

The American cruiser California sailed from Panama Sunday with 800 marines, intended to reinforce contingents already landed in Nicaragua.

Mr. Blanch Ginn of Covington and Harry Ginn of Portsmouth arrived Saturday, having been bailed here by the death of their father, William Ginn.

The state income tax law is the principal issue in today's primary election in Wisconsin in which State officers and Congressmen are to be nominated.

President Taft took the first long motor ride of his vacation, going from Beverly to Rye Beach, N. H., to take luncheon with Judge Hollister Sunday.

Hiram Johnson of California, candidate on the Progressive ticket for Vice-President, is the fifth Johnson who has been nominated for the vice presidency.

President Gomez of Cuba has sent a long message to President Taft expressing indignation and sorrow at the recent attack on the American charge d'affaires at Havana.

Blast furnace interests for last week secured contracts for 300,000 tons, bringing the month's new business up to more than 1,000,000 tons, a record in foundry grades of iron.

Did You Know

A palindrome is a verse, word or sentence which reads the same backward or forward, like "Hannah." The original palindrome is supposed to have been Adam's first greeting to Eve: "Madam, I'm Adam."

Notice to Painters

A meeting will be held on Thursday evening at 7 p. m., at Amazon Fire Hall. Everyone who is interested attend this meeting.

S. H. KELLY,

Organizer Painters' Union.

Merely Apprehensive

Cynthiana Democrat.
A Maysville mother wanted her son sent to the Reform School. On the stand, when asked by the Judge what the youth had done, the mother replied: "He ain't done nothin', Mister Judge, but I've spectin' him to most any time." The Judge let the boy go with a warning not to do what his mother was expecting him to do.

Just Ninety-Nine Years Ago

Just ninety-nine years ago August 23d Commodore Oliver H. Perry, with his fleet, sailed out of Sandusky harbor for Put-in-Bay where on September 10th, he met and defeated the British fleet, the one hundredth anniversary of which will be celebrated at Put-in-Bay next year. Perry's old flagship, Niagara, is to be raised and repaired and will lead the naval parade.

Arrangements will probably be made for the Niagara to sail out of Sandusky bay, under naval escort, on August 23d, 1913, just as it did on the memorable day just one hundred years before.

C. and O. is to build two branch lines in Kentucky next year.

United States faces greatest car shortage in history; may amount to 180,000 cars October 1st.

The total production of cotton in the United States for the commercial year ended Saturday was 16,138,426 bales.

The Republican National Committee has issued its campaign text-book. It is 150 pages under that of the volume issued in 1908.

According to Director Joseph A. Holmes of the Federal Bureau of Mines 250,000,000 tons of the 500,000,000 tons of coal produced in this country annually are lost either through waste or other causes.

July foreign commerce figures show marked increase. Imports for July exceeded July, 1911, by \$30,000,000 and for seven months by \$151,000,000. Exports increased \$21,000,000 in July and \$138,000,000 in seven months.

All matter for publication must be handed in before 9 o'clock a. m.

Champ Clark Still Sore

Speaker Champ Clark told Democrats in a speech Saturday at Canobie Lake, N. H., that he believed he was the one entitled to the Democratic nomination for the presidency, but that he had never bolted his party ticket and never would.

Chemical Discovery

Dover News.
Mr. T. C. Craekbaum has made what might be termed a wonderful discovery of interest to chemists. Without in the least diminishing its strength he has been enabled to take a sealed bottle of tincture of iron and make it as clear as water. As tincture of iron stains everything it comes in contact with, this ought to be a valuable discovery in chemistry.

Big Boost in Franchise Assessments

The State Board of Valuation and Assessments announced its final findings Saturday, a total increase of nearly \$100,000,000 being made. The largest advance was made in the case of the L. and N. Railroad, which was raised in round numbers, from \$11,000,000 to \$45,000,000. Other companies, whose assessments were largely increased, are the Illinois Central, the Queen and Crescent and the Chesapeake and Ohio. The Louisville Railway Company's assessment was also materially increased.

GAME PRESERVES

Private Grounds of Kentucky Farms Will be Stocked With Game

Frankfort State Journal.

Woodford county is to have the first private game preserve in Kentucky. J. T. Cox informed the Fish and Game Commission today that he and several of his neighbors owning adjoining farms in Woodford intend to post their places and establish private preserves. He asked the commission if their own game warden could serve without conflicting with the state officers and if the commission would assist in the stocking of the preserve.

Wood-Longmoor, who is in charge of the office stated that the action of the Woodford county men is exactly what the commission most desires. If such preserves can be established all over the state it will solve the question of conserving the game without putting the state to the expense of establishing preserves for breeding purposes.

The Fish and Game Commission will co-operate in every way possible and when it is able, to secure the birds for breeding purposes. As has been done where clubs have incorporated, it is probable that the private warden will be commissioned by the state.

The trespass provision in the new game law is one of its salient features and one in which the commission desires to interest landowners.

In other states, notably Indiana, these private preserves have been the starting point of hunting clubs, its members, who do not own land, pay dues for the privilege of hunting and thus furnish the funds. Duck shooting as well as field hunting is made a feature.

WIFE'S HEALTH

RESTORED

Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashland, Ky. — "Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."

Mrs. MAY WYATT, Ashland, Ky.

There are probably hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read What Another Woman Says: Camden, N. J. — "I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctors told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have recommended it to more than one of my friends with the best results."

—Mrs. ELLA JOHNSTON, 324 Vine St.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the dull feeling, the laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed. Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed it is at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance. The majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin.

Quality Counts

Prices don't regulate QUALITY in this store. We insist on QUALITY and our prices are as low as is consistent with QUALITY.

The following permits were granted:
Mason Lumber Co., for the erection of a frame stable on Foundry lot.
S. B. Chinn, a temporary frame building on East Second and Bank streets.
Gilbert Tolle, small stable on Forest avenue.

There was very little doing beyond the routine matters, also Member Harver seemed to have a great deal of ginger. He was sorter sulky, introducing a number of ordinances, one of which was to control the running of vehicles and the manner in which they should turn the street corners; at any rate, it read like the meanderings of Horse Shoe Bend in Cabin Creek, and was therefore vetoed out of Court.

Member McCarthy presented a protest on behalf of Mr. Joseph Dodson against the obstruction of Wall street with all sorts of junk.
On motion of Member Clooney a Committee composing himself, Harver and Keith was appointed to ascertain the most economical method of lighting the city before a new contract was made for same.

An ordinance was read and received permitting the Postal Telegraph Co. to erect poles on certain streets for the term of 20 years.
An ordinance fixing saloon licenses at \$1,000 was received and laid over. It did not limit the number of saloons and gave everybody a chance to do business who had the price.

Enjoined South Portsmouth
Federal Judge A. M. J. Cochran of this city enjoined the village of South Portsmouth from interfering with the Postal Telegraph Company, who are extending their lines through that place.
The restraining order filed by the company was sustained.

And we need room, so an extra cut has been made in all summer goods, many of which can be used every day in the year. Be sure and get our price and quality of Muslins, both bleached and unbleached. They are very low and you will save by buying your sheets, sheetings and other muslins right now.

The famous Pony Stockings are only on sale here. There are none so good for your children.

The Newest Goods in the New York Market Are Now Being Bought and Will Soon Be in For Your Inspection

ROBERT L. HOEFELICH, 211 and 213 Market Street.

Mr. and Mrs. Charles Friston, formerly of this city but now of Cincinnati, are the pleasant guests of Mrs. August Hauck of Wood street.

Saddle—"A man can hardly wed now unless he can show the girl two licenses."
Denston—"Two licenses?"
Saddle—"Yes; marriage and automobile."

THE OSKAMP JEWELRY COMPANY, }
CINCINNATI, O., February 28th, 1912. }

To Whom This May Concern:
This is to certify that John L. Walsh was employed by me, for the Oskamp Jewelry Co., as watchmaker for a considerable period and during that time his work was entirely satisfactory and he was especially adept in repairing fine watches and chronographs, and it gives me great pleasure to recommend him as a first-class watchmaker.

JOSEPH W. BURNS,
Head Watchmaker for the Oskamp Jewelry Company.

WALSH,

Watchmaker

Jewelers.

Ark Steel Tube Bed
SQUARE TUBING

Do you see how the square cross-rod at top of head and foot beautify this bed? Imagine this design with round tubing in those positions. Would not the result be "ordinary" and monotonous?

It is just such details of clever and artistic designing that have made our steel beds so popular. And the very large corner posts with brass caps all combine to make this an unusually artistic bed.

Moreover this bed is as good as it looks. Because it is made of drawn steel tubing, very light in weight—extremely strong.

A child can move this bed with the greatest ease. Come in and see this bed. Then you will realize how good it is.
